1. Urban water supply

1.1. Urban water subscribers

The number of urban and peri-urban water subscribers served by WASAC Ltd increased to 219,127 from 214,637 connections recorded at the end of June 2019, which represents an increase of 2.1 percent. The 52% of these connections are in the City of Kigali while 48% of them are distributed in the provinces. This difference is mainly attributed to the fact that, the people or institutions in the provinces are supplied by Rural Water Service Providers.
