

COMMUNIQUE

Every two months, fuel pump prices are revised based on price adjustments in the international market.

In this context, Rwanda Utilities Regulatory Authority (RURA) informs the public that fuel pump prices applicable from 16 October to 14 December 2021 are revised as follows:

- In Kigali, the maximum retail price for Gasoline (Premium Motor Spirit) is **1,143 Frw/L**.
- In Kigali, the maximum retail price for Diesel (Automotive Gas Oil) remains at **1,054 Frw/L**.

Since May 2021, prices have been stabilized as a result of the decision by the Government of Rwanda to forego some taxes on imports of these petroleum products.

Specifically for this period, the Government of Rwanda waived 55 Frw/L on taxes for gasoline in order to avoid a price increase of 110 Frw/L, and waived 80 Frw/L on taxes for diesel in order to maintain the current price.

This decision was taken in order to mitigate the adverse impact of high fuel price likely to cause general price increases (inflation) which in turn may negatively affect the speed of Rwanda's economic recovery from the COVID-19 pandemic.
